# Where We Are in the Cleanup

- ❑ 95 percent of radioactivity along river removed
- ❑ More than half of approx. 800 waste sites along river cleaned up
- ❑ Nearly one third of approx. 500 buildings along river cleaned out, demolished
- ❑ Five of nine reactors cocooned
- ❑ All plutonium packaged and being shipped off site
- ❑ More than 400 buildings across the site cleaned out, demolished
- ❑ 3.6 billion gallons of contaminated groundwater treated
